Justification. This interim change implements the amendment of U.S. Army Elements ACE Regulation 600-8-22 to change and read as Allied Command Operations Instructions (ACOI) 1348.33-M. All references to the Allied Command Europe (ACE) are changed to read Allied Command Operations (ACO). It implements the change of all references to the office symbol "ACDP-MPD-A" to read "ACDP-PAD". This interim change redefines Major Subordinate Commands under Supreme Headquarters Allied Powers Europe (SHAPE). It implements changes to add the process for exceptions to policy, recommendation formats and distribution requirements.
